

LITTER WASTE

wahib

THE AIMS OF THIS REPORT IS HOW MANY PEOPLE DO RECYCLE AND HOW MANY DO NOT. BY RECYCLING, WE CAN REDUCE THE HIGH AMOUNT OF WASTE THAT GOES INTO LANDFILLS, CONSERVE NATURAL RESOURCES, AND SAVE ENERGY. THIS HELPS TO KEEP OUR ENVIRONMENT CLEAN AND HEALTHY FOR GENERATIONS TO COME AND MAKE FUTURE BETTER.

BRADFORD

Bradford is a city in West Yorkshire, England. It is governed by a metropolitan borough named after the city, Bradford city has a lot of historical and oldest things to visit, like The National science and Media Museum focuses on photography, film and television, and has an IMAX cinema. And Lister park as well, specially for oldest peoples who love history and oldest things.

REDUCE YOUR WASTE

WHAT DO WE NEED TO RECYCLE

In Bradford, you can recycle a wide range of material including plastic bottles, cans, paper, and cardboard. But lot of people do not recycle because of laziness and carelessness. When you see the rubbish on the road do not hesitate to pick it up and put in the bin.

RECYCLE IS IMPORTANT TO OUR ENVIRONMENT?

absolutely yes, If we do not do the recycle then our community and environment getting worse day by day. we need to recycle at least two days in a week, or one day. It is important to clean the environment. 60% percent peoples do recycle and 40% do not recycle. If our city is not clean then nobody come to our city for investment or doing work with us.
